

LASD RESERVE CLASS REVIEW

Class 107-1
PC 832 Course (Level III – Part 1)(West)
September 10, 2006 to September 30, 2006
Based on a Course Roster for CCN 1820-80100-06001

A Course Announcement for this class was signed by Sergeant Phil Luna on August 29, 2006 for an 832 PC Course starting on September 10, 2006 and ending on September 30, 2006.

The Course Roster with Sergeant Luna's name typed in the Signature area was dated January 21, 2007 and had 45 students on it. (Refer to attached Course Roster for names)

According to the Course Announcement the class was conducted at 11515 S. Colima Road, BL F – 106 Whittier 90604.

LASD staff provided instructor resumes, a Course Announcement, a Course Roster with the notation "West" at the top of the first page, an Hourly, an 832 PC Hourly Distribution for Part 1 West Extension/Satellite, an Expanded Course Outline and a summary of test results for class 107.

There are three students on the Summary of Test Results that have problems. [REDACTED] has a score of 74%. 75% is the passing score for the PC 832 Course. Also [REDACTED] [REDACTED] have no scores for the test. All three students were listed on the Course Roster as completing the class. All three are Level III reserves at LASD.

POST staff conducted a search for records and was able to locate a Course Announcement signed by Sergeant Luna with the CCN 1820-80100-06001. A Course Roster was located that includes five pages the first two pages list eighteen students from [REDACTED], pages 3,4, & 5 include the students listed on the Roster located by LASD staff identified as "West", a P.C. 832 Course Hourly Distribution with the CCN written on the top of the page and a Course Schedule. The first two pages of the Course Roster appear to be from the properly approved class conducted at the Whittier site. Also the Hourly Distribution is different then the Hourly that LASD staff located. Although both classes started on September 10, 2006 the "West" location ended on September 30, 2006 and the Whittier class ended on October 11, 2006.

There is one student ([REDACTED]) that appears on the Course Roster located by LASD but is not included on the Course Rosters sent to POST. However when a Course Roster was printed from EDI, [REDACTED] appears on the Roster. [REDACTED] was entered onto the Roster in February 2009 by someone working at LASD. The identifier on the update is "tsirkel" I am told this is Tammy Sirkel. When the PC 832 test results, that include all of the students from the "West" class, were reviewed; [REDACTED] does not appear on the form. This suggests [REDACTED] did not participate in the

class. [REDACTED] POST Profile lists him as a Level III reserve this course (PC 832) is on his Profile however he does not have a Level III Course (Level III - Part 2).

LASD staff was not able to provide Safety Guidelines for the Modular Format Courses. While conducting a search through POST records staff was able to locate General and Specific Safety Guidelines for this class.

Course summary:

Below is a list of Learning Domains. The first column identifies the Learning Domain by number, the second column gives the Domain description, and the third lists the instructor (if identified), the fourth includes the minimum hours mandated by POST and the fifth column includes the total hours identified by LASD for that Learning Domain on their Hourly Distribution.

Instructor William Torley provided LASD personnel with his teaching schedule from his personal Palm Pilot.

Since the certified class and the class at the "West" location were being conducted at the same time, the instructors, teaching dates were compared.

LASD RESERVE CLASS REVIEW

Class 107-2

Level III Course (Level III – Part 2)

October 1, 2006 to November 19, 2006

Based on a Course Roster for CCN 1820-00130-06001

“West Extension/Satellite” dates based on LASD Level III – Part 2

October 3, 2006 to December 19, 2006

The Course Roster for class 1820-00130-06001 included 64 students the course is certified for 50. According to the Course Report and Rosters sent to POST by Sergeant Phil Luna the class was presented from October 1, 2006 to November 19, 2006. The location of the class was identified as 11515 S. Colima Road, BL F – 106 Whittier 90604.

LASD staff provided a copy of a handwritten Course Announcement signed by Sergeant Luna on August 29, 2006 for a class to be presented at the above location from October 1, 2006 to November 19, 2006. A copy of a Course Roster for the dates October 1, 2006 to November 19, 2006 was located by LASD staff the roster contains 47 names. At the top of the roster is the notation “West”. LASD staff also provided a corrected roster with the same 47 students but amended the dates of the course to October 3, 2006 to January 13, 2007. This was based on range scores located during their independent investigation.

POST staff located the original Course Roster sent to POST for this class (1820-00130-06001). The Course Roster is marked 1 of 1 to 5 of 5. Pages 1 to 3 include 46 names 44 names are alphabetical from [REDACTED]. Added to the bottom of the roster are [REDACTED]. This appears to be the “West” class with one name ([REDACTED]) missing. [REDACTED] is listed on both Course Rosters provided by LASD staff. A review of [REDACTED] POST Profile identifies him as a Level III reserve however according to the Profile he has only taken Arrest and Firearms (the PC 832 Course).

Class test results were provided for this group of students. The records included a list of the class and the results for each LD examination and the PC 832 examination. There are four students listed on the roster that do not have any scores, they are [REDACTED]. [REDACTED] It does not appear these students attended the course however all but [REDACTED] name were listed on the official Course Roster.

There are two students that appear to have been allowed into the Level III Course (Level III - Part 2) without successfully passing the PC 832 Course. Both have NT (no test) on their course Test Results sheet. They are [REDACTED].

The Course Roster page identified as page 4 has only one name that is for a person named [REDACTED]. There are no class records of [REDACTED].

included with the rest of the class. There are some range scores identified as Level II with [REDACTED] dated 12/09/06, 12/16/06, 01/06/07, 01/13/07, and 01/27/07 the score sheet may be mislabeled. [REDACTED] shows no test scores with the rest of the class.

The Course Roster page identified as page 5 lists 17 students; none of these students are listed in the Course Rosters provided by LASD staff. These appear to be the students that took the course at STAR Center. There was almost no information for this group of students provided; however range scores for all 17 students were found.

It appears there were at least two separate classes, the "West" class and the class conducted at the Whittier location. It does not appear that [REDACTED] participated in the Level III Course (Level III - Part 2) class, but his name was added to the list. [REDACTED]

[REDACTED]. His profile shows he attended this class and later took the Level II Module at LASD and completed Modular Format training at Rio Hondo with a Level I Module.

Although there are complete testing records for the "West" Location no testing information could be located for [REDACTED].

POST staff ran profile reports for all the students, although the course(s) was completed either on November 19, 2006 or January 13, 2007, all of the LASD reserves were given a Rank Date for Level III on September 10, 2006 at least two months prior to finishing the class.

Because Sergeant Luna placed at least two classes on one roster, the exact location of the "West" course is unknown. No training site was inspected by nor approved by POST personnel.

POST staff has learned of at least five locations where training might have occurred they are the following;

Four Seasons Hotel
300 So. Doheny Drive
Beverly Hills

Holiday Inn
1020 So. Figueroa
Los Angeles

Pasadena Marash Center
463 Martelo Ave.
Pasadena

Fox Studio's
10201 W. Pico Blvd.
Los Angeles
(At various locations on the lot)

Glendale Police Department

131 No. Isabel St.

Glendale,

(For combined driver training lecture by LASD EVOC Staff)

During the class there was at least one range session at the Los Angeles International Airport Police Shooting Range on December 8, 2006. The range was not approved by POST staff for this course and the Safety Policy located by POST staff does not include this location.

Additional information provided by LASD staff included LASD Recruit Training Unit Test Administration Procedures, Instructor Resumes, a copy of the original Course Roster and a "Corrected Course Roster", A Level III - Part 2 LASD Hourly Distribution, a "West Extension/Satellite course schedule, an Expanded Course Outline, Test Scores, LASD Range Rosters, Airport Police Shooting Range Check in Register, LASD Driver Training Class Roster and academy specific tests.

Note: the Expanded Course Outline provided is not for this time period, it is for the January 1, 2008 Training and Testing Specifications.

Test scores will be reviewed at the end of this summary.

LASD staff was not able to provide Safety Guidelines for the Modular Format Courses. While conducting a search through POST records staff was able to locate General and Specific Safety Guidelines for this class.

Course summary:

Below is a list of Learning Domains. The first column identifies the Learning Domain by number, the second column gives the Domain description, and the third lists the instructor (if identified), the fourth includes the minimum hours mandated by POST and the fifth column includes the total hours identified by LASD for that Learning Domain on their Hourly Distribution.

Instructor William Torley provided LASD personnel with his teaching schedule from his personal Palm Pilot. The schedule was compared with his personal calendar.

TEST SCORES

Test scores were provided for LD's 2, 5, 31, 34, and 36.

The following students did not have test scores for the above listed Learning Domains.

A search for test scores in TMAS located several tests for [REDACTED]. He took the following tests LDs 2,5,6,7,8,9,10,15,16,31,34, and 39. His record does not show LD 36 which is required in this Module.

Range Scores

The range scores do not include all students for either of the classes. There were several dates that show a majority of the students not attending, however, all the students on all the Rosters received 100% attendance.

Vehicle Operations

Vehicle Operations training was attended by all participants in the "West" class except the following; [REDACTED]

LASD RESERVE CLASS REVIEW

Class 108
Level I Module
September 9, 2006 to January 23, 2007
Based on a Course Announcement located but not sent to POST
Actual dates
June 21, 2006 to February 5, 2007

This class included 11 students (refer to attached corrected roster). All but one of the students is shown as a Level I Reserve per their POST profile. [REDACTED] is shown as a Level III Reserve.

The CCN that is on all of the student profiles is 1820-00150-06001. This was for a class conducted at 11515 S. Colima Road, BL F – 106 Whittier 90604.

The course dates are September 1, 2006 to February 5, 2007 and the course was certified for 340 hours. There were 32 students in the Level I (S) and 11 in Level I (W) There was no Course Announcement for a “West” location. No “West” location was reviewed or approved by POST staff.

POST staff was advised that the “West” location was mostly held at 20th Century Fox 10201 W. Pico Blvd. Los Angeles, CA. There is no site specific Safety Policy for this location.

The 11 students should be placed on a separate roster indicating the specific location and dates of the course. It is inappropriate to place the names of the “West” students on a completely separate course roster.

POST Staff was given a binder that included an Hourly Distribution for STARS #2, and an Expanded Course Outline for the “West” class. A review of this information was conducted and follows.

LASD staff was not able to provide Safety Guidelines for the Modular Format Courses. While conducting a search through POST records staff was able to locate General and Specific Safety Guidelines for this class.

Course summary:

The Hourly Distribution does not reflect the actual dates of class presentations. The start date and end dates on the original roster located by LASD staff are September 9, 2006 to January 23, 2007. LASD staff said their investigation identified the actual dates as June 21, 2006 to February 5, 2007. They have provided a corrected roster that gives the actual dates.

Although the Hourly Distribution identifies specific dates and topics, the Hourly Schedule is based on material that came into affect on January 1, 2007, a year later.

The Expanded Course Outline provided as part of the class binder also reflects training mandated on January 1, 2007. It appears the Expanded Course Outline was made later, and the person did not input the proper content for the time of the course.

Although this could not have been the content of the course, the issues will be identified by each Learning Domain.

The POST Minimum Hourly requirement for the Level I Module was 340 hours. The LASD Hourly Summary provided to POST also shows 340 hours. The LASD Hourly Schedule for the class indicates 348 hours.

Below is a list of Learning Domains. The first column identifies the Learning Domain by number, the second column gives the Domain description, and the third lists the instructor (if identified), the fourth includes the minimum hours mandated by POST and the fifth column includes the total hours identified by LASD for that Learning Domain on their Hourly Distribution.

Instructor William Torley provided LASD personnel with his teaching schedule from his personal Palm Pilot. Torley's schedule did not go back to this date

SUMMARY

There is no documentation at POST that any of the students completed the Level I Entrance Examination.

----	----------------------	-----------	---	-------

The topic did not exist during this time. It became a mandatory topic on 01/01/07.

Scenario Demonstrations	Staff	0	(+18)
-------------------------	-------	---	-------

The topic did not exist during this time. 18 hours of Scenario Demonstrations became a mandatory topic on 01/01/07.

Scenario Tests		40	40
----------------	--	----	----

There is no evidence that the scenario tests were conducted to POST standards. Sergeant Luna, the Course Coordinator, did not attend the Basic Course Scenario Managers Training until 06/17/08, there is no record of him having access to the portion of the Basic Course Informational Web site that includes the secure Scenario Manual. No password was given to him. There is no information that indicates who the evaluators were or if they had received evaluator training. When Sergeant Luna attended the Scenario Managers Workshop, he made several comments to POST staff that there was no way he could present scenario testing with the level of support his program had. According to this schedule, the students were tested on Scenarios starting 12/17/06 and ending on 01/13/07.

Written Tests		9	7
---------------	--	---	---

Test Review		0	(+5)

LASD RESERVE CLASS REVIEW

**Class 109
Level II Module
April 22, 2007 to July 17, 2007
Based on a Course Roster**

This class included three students. (Refer to attached corrected roster) The three participants were previously included on a roster identified as "Level II Modular Training" completed on July 22, 2007. A corrected course roster was provided with the proper spelling for one of the students. During research at POST a Course Roster was located that contains the names of 19 students and at the bottom of the roster are the three students identified on the LASD corrected roster. This is the roster originally sent to POST.

Upon completion of the Level II Module on July 17, 2007, [REDACTED] was changed to Level II status on his POST Profile. [REDACTED] was also changed to Level II on his POST Profile. [REDACTED] was later designated as a Level I on July 28, 2008. There is no Level I Module on his POST Profile. The third student was [REDACTED], according to his POST Profile he has remained a Level III.

The CCN that is on all the students profiles is 1820-00140-06002. This was for a class conducted at 11515 S. Colima Road, BL F – 106 Whittier 90604. The course was certified for 266 hours, however the Course Roster and Hourly Distribution show 264 hours.

The Course Roster provided by LASD staff identifies the class as the "West" location. It is unknown where the "West" location was.

There was no Course Announcement for a "West" location. No "West" location was reviewed or approved by POST staff.

The class book provided by LASD staff included Instructor Resumes and two Course Rosters; a copy of the original and a corrected roster. Also included were a Level II Module Hourly Distribution, Training and Testing Specifications for January 1, 2007, POST minimum hours for the Level II Module and an Expanded Course Outline dated January 1, 2007. A student ([REDACTED]) provided an LASD Level II Module hourly that includes handwritten test scores, copies of notes taken by [REDACTED] during the course and copies of range scores from the "Airport Police Shooting Range".

Since there is no course schedule for this class the only evidence of what occurred was developed from very limited student notes.

There is no site specific safety policy for these locations no POST staff was aware of nor inspected the Airport Range.

There is an agency specific Test Security Policy however no Attachment A's for instructional staff can be located.

The information gleaned from the binder is due to the material, from ██████████, provided by LASD staff. This included Training and Testing Specification for LDs 30, 32, 33, 35, 38, and LD41. There were also TTS for LDs 32, 38, and 43 they are not required in Level II.

██████████ also provided an Expanded Course Outline that included LDs 3, 4, 6, 7, 8, 9, 10, 13 (not required), 15, 16, 17, 18, 20, 21, 22, 23, 26, 27 (not required), 30, 32 (not required), 33, 35, 37, 38 (not required), 39, 40, 41, and 42.

A search of both POSTRAC and TMAS records resulted in no testing records for ██████████. The only testing records in the system were for ██████████ for a Level I Module. These tests include LDs 28, 11, 12, 19, 25, 26, 43, and 92 the Level I Entrance Examination.

A point of interest, ██████████ is a Level I Reserve who had no Level I training. ██████████ is listed on a Level I Module (Class 113). LASD was not approved to present a Level I Module at the time the class occurred this would explain why the training is not reflected in his Profile.

Class 113 has been reviewed and it does not appear there is proper documentation of training.

Course Summary:

Below is a list of Learning Domains. The first column identifies the Learning Domain by number, the second column gives the Domain description, and the third lists the instructor (if identified), the fourth includes the minimum hours mandated by POST and the fifth column includes the total hours identified by LASD for that Learning Domain on their Hourly Distribution.

There are two Hourly Distributions provided; one identified as "Los Angeles County Sheriff's Department Basic Course – Modular Format Hourly Distribution 01-01-07 Level II." And the other is an Hourly Distribution for a Level II Module with notes and test scores hand written by ██████████. Both list the total minimum required hours as 264. The course is certified for 266 hours. In addition, both have conflicting minimum hours. The hourly with the hand written notes is used in the summary.

Since there is no course schedule provided I have included the instructor name(s) when identified for each LD. In addition, when problems are identified with a Learning Domain, a description of the problems is included with each domain.
